Not since WWII has Hartley's been forced to close for such an extended period. The recent easing of government restrictions has thankfully allowed Hartley's to reopen to the public in mid-June 2020, conditional on the business operating under a COVID Safe Plan.

During Stage 3 of the Queensland Government's COVID-19 response, there will be some limitations on capacities at wildlife shows for social distancing and changed seating configurations in lilies Restaurant. Koala patting photos are available at set times during the day, as well other reptile photo opportunities. Private tours including our Big Croc Feed and Zootastic 5 encounters are available and pre-booking is essential as numbers are limited. Online bookings are now available for these activities.

Lilies Restaurant will be operating on a limited menu during the COVID recovery period. Visitors are welcome to bring a picnic lunch and can dine in the park - no BYO alcohol. Take away food is obtainable. Due to limitations on dining numbers and social distancing, the popular Breakfast Time with the Koalas is unavailable until further notice.

Coach transfers and packages are now available from some locations. See our website for further information
